

Calling Veterinary Experts: Help Shape the Future of MedOne Vet

For decades, Thieme has been a trusted name in medical education, recognized worldwide for delivering high-quality, authoritative content. Now, Thieme brings that same commitment to excellence to the field of veterinary medicine with MedOne Vet.

As an instructor, student, or expert in veterinary medicine, you have a unique opportunity to help shape this first-of-its-kind resource. Together, we can build a resource that truly meets the needs of educators and students alike.

Why should you get involved?

Shape the Platform

MedOne Vet is in its beta phase, which means your feedback directly influences how the platform evolves. Share your thoughts, suggestions, and experiences to help build a tool that truly supports veterinary students. This is a paid opportunity for contributors.

Boost Your CV

Thieme is offering paid short-term, project-based work for DVM students in the USA! Help review and edit content for translation accuracy and quality, and gain experience as a subject matter expert.

MedOne Vet Features

Access Trusted Content

Study with over 90 veterinary eBooks, now available in English and Spanish through advanced machine translation, all from Thieme's renowned German-language library.

Learn Smarter

Explore curated collections, playlists, illustrations, graphics, and videos, all tailored to help you succeed in your studies.
